

INFRAGARD NATIONAL

PROTECTING AN EXTRAORDINARY NATION

Time and time again, history has proven that when our great nation is threatened, an extraordinary group of people will rise to defend it, driven by a deeply ingrained love of country. This remarkable American spirit manifests itself every day, from local, state and federal law enforcement to those serving in uniform overseas. In businesses and organizations across the United States, InfraGard members have carved out a unique and vital role in this endeavor. Working hand in hand with the FBI, these stakeholders are dedicated to protecting the foundation of American life: critical infrastructure.

Since 1996, this FBI-affiliated public/private partnership has served as a bridge between law enforcement and private industry, powering a first-of-its-kind collaboration between the FBI's 56 field offices and 60,000+ stakeholders representing companies that serve as the backbone of our nation's security, resilience, innovation, economy and public health.

INTRODUCING THE INFRAGARD 2019 PATRIOTS CIRCLE

As a nonprofit 501(c)3 organization, InfraGard National relies on a variety of funding sources to accomplish our mission: protect U.S. critical infrastructure and the American people by cultivating communications, collaboration and engagement between the public and private sectors. While there is no cost associated with InfraGard membership, financial support significantly helps to defray the costs associated with producing a year-round schedule of training and education programs.

The InfraGard Patriots Circle is a new annual fundraising vehicle that harnesses the generosity of our individual members. Your tax-deductible donation is a force multiplier that enables us to produce high-quality programs that strengthen national security and resilience, including webinars, regional conferences, chapter development events, and the annual InfraGard Congress and Conference.
